## **TP15 update**

### **Suspension and extension of TP15 approved by Western Australian Department of Mines and Petroleum**

Norwest Energy NL (ASX:NWE) reports that it has been granted a suspension and extension to the terms of Exploration Permit TP/15 from 26 October 2010 to 26 August 2011.

Whilst an extension to the permit terms has been obtained to August 2011, it is the clear intention of Norwest to drill Redhill South as soon as a drill rig can be contracted and mobilised to site. The rig availability options are under close review and progressing satisfactorily.
